**SEM Committee Decision for the Regulatory Authorities in relation to Mod_13_09
(Recommendation Report FRR_13_09)**

Dear Marie-Therese,

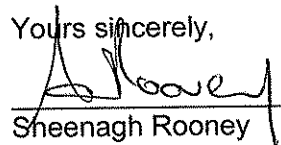

On 7 May 2009, the Modifications Committee submitted its Modification Recommendation Report with regard to a Modification Proposal, Mod_13_09 (Meter Data Validation Process and Unit Registration), in accordance with paragraph 2.231 of the SEM Trading and Settlement Code (the Code).

This Modification Proposal, raised by the System Operators, seeks to align the Generator Unit registration Effective Date in the Code with the processes for fitting and validating metering systems so as to ensure that generation output can be rewarded under the Code in a more timely fashion.

The SEM Committee notes that the Modifications Committee determines that this modification will better facilitate the Code Objectives 'to facilitate the efficient, economic and coordinated operation, administration and development of the Single Electricity Market in a financially secure manner' and 'to facilitate the participation of electricity undertakings engaged in the generation, supply or sale of electricity in the trading arrangements under the Single Electricity Market.' and that it voted unanimously to recommend the modification to the Regulatory Authorities (RAs). The SEM Committee further notes that the Modifications Committee recommends that Mod_13_09 should be implemented on a Settlement Day basis on the next Working Day after the decision is made.

Considering the above, and in accordance with paragraph 2.218 of the Code, the SEM Committee decides that a modification be made in accordance with the Final Recommendation Report of the Modifications Committee FRR_13_09, for the avoidance of doubt, based upon the legal drafting set out in Appendix 2 of that report and the attachment marked "FRR_AP1_Attach2". The Regulatory Authorities therefore direct that the modification as set out in FRR_13_09 be made on a Settlement Day basis with effect from the next Working Day after the date of this letter.

Yours sincerely,
