Amendment to Capacity Market Code Modifications Workshop Agenda Timeline			
Documents affected <i>(delete as appropriate)</i>	Section(s) Affected	Version number of CMC used in Drafting	
Capacity Market Code	B.12.7.1 (f)	Version 4.0	
Explanation of Proposed Change <i>(mandatory by originator)</i>			
<p>The Capacity Market Code currently states that an agenda must be issued to Workshop participants at least 10 Working Days in advance of a Capacity Workshop, however there is a current conflict as the new Modification Proposal deadline is 10 working days in advance of a Capacity Workshop meaning that the completed agenda is not available. Invitations for Capacity Market Workshops are issued one month in advance and the Secretariat has implemented a deadline of 1 week before the Capacity Workshop for registration to participate to give interested parties as much time as possible to register. It is requested that this timeline is reduced to 5 Working Days.</p>			
Legal Drafting Change <i>(Clearly show proposed code change using tracked changes, if proposer fails to identify changes, please indicate best estimate of potential changes)</i>			
(f) the System Operators shall circulate an agenda to Workshop participants at least 10 Working Days in advance of the Workshop, except in the case of a Workshop under paragraph Error! Reference source not found. ;			
Modification Proposal Justification <i>(Clearly state the reason for the Modification)</i>			
There is currently a minor non-compliance as the Secretariat is allowing the maximum time period possible for interested parties to register their attendance. It is also not possible to issue an agenda on this timescale as the deadline has not been reached for submission of new Modification Proposals meaning the agenda is not available within this current timeline.			
Code Objectives Furthered <i>(State the Code Objectives the Proposal furthers, see Sub-Section A.1.2 of the CMC Code Objectives)</i>			
(b) to facilitate the efficient, economic and coordinated operation, administration and development of the Capacity Market and the provision of adequate future capacity in a financially secure manner;			
Implication of not implementing the Modification Proposal <i>(State the possible outcomes should the Modification Proposal not be implemented)</i>			
If the timeline remains at 10 working days there will be a recurring non-compliance of this section of the Capacity Market Code.			
Impacts <i>(Indicate the impacts on systems, resources, processes and/or procedures)</i>			

No system or resource impacts expected
