<b>Modification Proposal Title</b>			
Removal of the requirement to post Deregistration Consent Orders			
<b>Documents affected</b> <i>(delete as appropriate)</i>	<b>Section(s) Affected</b>	<b>Version number of T&amp;SC or Agreed Procedure used in Drafting</b>	
T&SC Agreed Procedures Part B AP18	2.1 , 3.1.8	V26.0	
<b>Explanation of Proposed Change</b> <i>(mandatory by originator)</i>			
<p>Agreed Procedure 18 requires that the above mentioned Deregistration Consent Orders are issued by registered post to Participants, Regulatory Authorities, System Operators and Meter Data Providers. Currently, these are also issued by email to the relevant stakeholders. As we are now working in a more flexible environment with many people often working from home, this added requirement is unnecessary and creates additional paperwork.</p> <p>We propose that this requirement is removed and all Deregistration Consent Orders continue to be issued by email, with no change to the content of the aforementioned Orders. All required stakeholders will continue to receive the relevant Order within the required timescale laid out in Agreed Procedure 18.</p>			
<b>Legal Drafting Change</b> <i>(Clearly show proposed code change using <b>tracked</b> changes, if proposer fails to identify changes, please indicate best estimate of potential changes)</i>			
<p>The below amendments are proposed to Agreed Procedure 18 –</p> <p><b>2.1</b> Once a decision has been made, the Market Operator shall notify the Participant by <del>registered post</del> <u>email</u> issuing a Deregistration Consent Order</p> <p><b>3.1.8</b> Send Deregistration Consent Order to Participant, System Operators, Relevant Meter Operator, and Regulatory Authorities. Before Deregistration date <del>Email</del> <u>Registered Post</u></p>			
<b>Modification Proposal Justification</b> <i>(Clearly state the reason for the Modification)</i>			
This modification will streamline the Market Operator audit process without impacting the registration process for Participants. It will also reduce the paperwork being issued to Participants and other stakeholders, improving the efficiency of the registration process in the SEM.			
<b>Code Objectives Furthered</b> <i>(State the Code Objectives the Proposal furthers, see Section 1.3 of Part A and/or Section A.2.1.4 of Part B of the T&amp;SC for Code Objectives)</i>			
(a) to facilitate the efficient discharge by the Market Operator of the obligations imposed upon it by its Market Operator Licences;			

(b) to facilitate the efficient, economic and coordinated operation, administration and development of the Single Electricity Market in a financially secure manner;	
<b>Implication of not implementing the Modification Proposal</b> <i>(State the possible outcomes should the Modification Proposal not be implemented)</i>	
If not implemented, SEMO will continue sending Deregistration Consent Orders by registered post.	
<b>Working Group</b> <i>(State if Working Group considered necessary to develop proposal)</i>	<b>Impacts</b> <i>(Indicate the impacts on systems, resources, processes and/or procedures; also indicate impacts on any other Market Code such as Capacity Market Code, Grid Code, Exchange Rules etc.)</i>
N/A	If implemented this will have no impact on market systems. Processes and procedures will be amended to align with the change.
