<b>Modification Proposal Title</b>			
<b>Amendments to the Capacity Auction Timetable</b>			
<b>Documents affected</b> (delete as appropriate)	<b>Section(s) Affected</b>	<b>Version number of CMC used in Drafting</b>	
Capacity Market Code	D.2.1.12	12.0	
<b>Explanation of Proposed Change</b> (mandatory by originator)			
<p>The RAs have undertaken a review of the Capacity Market Code ahead of the next T-4 auction. In doing so, a number of Modification Proposals are being raised. This proposal aims to clarify how the Code Provisions D.2.1.10 and D.2.1.12 operate.</p> <p>Pertaining to this modification, D.2.1.10 stipulates no time frame for the amendment of the capacity auction timetable. However, D.2.1.12 does provide a timeframe for the delay or postponement of a capacity auction under D.2.1.12(a) and for the cancellation of a capacity auction under D.2.1.12(b).</p> <p>The RAs are proposing to amend the Capacity Market Code to clarify that the powers of the SOs and RAs provided under D.2.1.10 are not limited, thus allowing amendments to the Capacity Auction Timetable at short notice.</p>			
<b>Legal Drafting Change</b> (Clearly show proposed code change using <b>tracked</b> changes, if proposer fails to identify changes, please indicate best estimate of potential changes)			
<p>D.2.1.12 No later than five Working Days prior to the Capacity Auction Submission Commencement date specified in relation to a Capacity Auction in the applicable Capacity Auction Timetable, the Regulatory Authorities may instruct the System Operators to:</p> <ul style="list-style-type: none"> <li>(a) delay or postpone the Capacity Auction; or</li> <li>(b) cancel the Capacity Auction.</li> </ul> <p><u>This paragraph D.2.1.12 is without prejudice to the powers of the System Operators and the Regulatory Authorities under paragraph D.2.1.10.</u></p>			
<b>Modification Proposal Justification</b> (Clearly state the reason for the Modification)			

Changes as outlined above are justified to address a potential lack of clarity as to the interpretation of two provisions of the Capacity Market Code and to clarify the scope of the powers of the SOs and RAs as set out in the Code.

The proposal at hand seeks to clarify that the Regulatory Authorities can use their powers when required to amend the Capacity Auction Timetable ahead of future auctions.

**Code Objectives Furthered**

*(State the Code Objectives the Proposal furthers, see Sub-Section A.1.2 of the CMC Code Objectives)*

This Modification Proposal would further the following CMC Objectives:

(b) to facilitate the efficient, economic and coordinated operation, administration and development of the Capacity Market and the provision of adequate future capacity in a financially secure manner

And

(c) to facilitate the participation of undertakings including electricity undertakings engaged or seeking to be engaged in the provision of electricity capacity in the Capacity Market

And

(g) through the development of the Capacity Market, to promote the short-term and long-term interests of consumers of electricity with respect to price, quality, reliability, and security of supply of electricity across the Island of Ireland

**Implication of not implementing the Modification Proposal**

*(State the possible outcomes should the Modification Proposal not be implemented)*

Not implementing these changes would result in the CMC continuing to hold a degree of uncertainty and confusion, contrary to its objectives.

**Impacts**

*(Indicate the impacts on systems, resources, processes and/or procedures)*

There is little to no impact on the RA or TSOs and would aid in helping to navigate the CMC more efficiently.
