SEM Committee Decision for the Regulatory Authorities in relation to Mod_05_20 (Final Recommendation FRR_05_20)

Dear Esther,

On 23 April 2020, the Modifications Committee submitted its Final Recommendation Report (FRR) with regard to Modification Proposal Mod_05_20 'Provisions for the Settlement of CEADSU' in accordance with Paragraph B.17.18.1 of Part B of the SEM Trading and Settlement Code (TSC).

This Modification was raised by SEMO and received by the Secretariat on 8 April 2020. It was voted on at Meeting 98 on 23 April 2020.

The Regulatory Authorities understand that the Modification is linked to Mod_17_19 V2 'DSU State Aid Compliance Interim Approach' which was raised following the DSU State Aid Compliance Decision paper (SEM-19-029) and aims to ensure that the Energy Adjustment Payment or Charge for Demand Side Units is correctly applied within the Trading and Settlement Code.

The Regulatory Authorities note that a discussion took place with the Modifications Committee at Modifications Committee Meeting 98 and following the discussion, the Modification was recommended for approval by all Committee Members.

Considering the above, and in accordance with Paragraph B.17.20 of the Code, the SEM Committee direct that a Modification, as set out in Appendix 1 of FRR_05_20, is implemented by 1 October 2020 in line with State Aid compliance requirements.

Yours sincerely,

Barry Hussey
